

COMPANY PROFILE

Kemach Equipment (Pty) Ltd the sole distributor of JCB earthmoving in South Africa, is referred to as Kemach JCB, and was established in 2003. The company is a joint venture between the shareholders of BH Botswana and Muscat Overseas in Oman.

Both these companies are the sole JCB dealers in their respective countries and locally Kemach JCB supplies equipment to the mining, construction, quarrying, building, central government and plant hire industries.

The company's national office is in Gauteng, with regional offices in Johannesburg, Pretoria, Cape Town, East London, Port Elizabeth, George, Durban, Bloemfontein, Windhoek and Maputo. Distributors and service dealers are strategically placed in Nelspruit, Kimberley, Polokwane, Tzaneen and Schweizer Reneke.

This network gives the company the ability to effectively support its customers the length and breadth of South Africa, Namibia and Mozambique.

Equipment on offer which includes the world number one backhoe loader, ranges from skidsteers, wheel loaders, ADTs, excavators, telescopic handlers, rough terrain forklifts, mini tracked excavators through to a range of Vibromax compaction equipment.

Kemach JCB distributes the full range of JCB parts, which is supported 24/7/365 by skilled field service technicians and product support engineers. Kemach JCB is a focused dealer that puts the customer at the heart of its business.
